

CalTrans Temporary Restrictions Update for Annual Permit Holders

WARNING

The list of short-term restrictions on state routes is updated daily as conditions change. It is the responsibility of the permit holder and the operator of the extra-legal vehicle/load to check to see if any additional restrictions have been added to your authorized route before each trip is begun.

You may get the most current status of any such restrictions on your authorized route by accessing the Route Clearing database on-line at <http://www.dot.ca.gov/hq/traffops/permits/>. You can also verify vertical restrictions by using a vertical clearance measuring device authorized by California Vehicle Code Section 35252.

**All annual and repetitive permit holders are required to receive this information
and to keep a copy with their permit during all moves.**

If you believe you are receiving this message in error, please contact the List Managers at (916) 327-6679.

For questions regarding North Region Restrictions, please contact Bruce Bergh at (916) 322-4957.

For questions regarding South Region Restrictions, please contact Howard Wells at (909) 388-7077.

Length and/or Width Restriction on Route 80 Beginning April 13, 2003

Route 80 from the Jct of 80 and 89/267 to the State Line and from State Line to the Jct 80 and 89/267

Legal width and/or 100' maximum overlength restriction.

This restriction will begin April 13, 2003 and continue through October 2003

The times of the restriction will be from Sunday at 10pm until Friday at 9am weekly.

The restriction will be lifted on the weekends from 9am Friday to 10pm Sunday

No Local Detour Available
